TUËMA PATTIE, COMBUSTION, 2005

Cynthia Corbett Gallery is pleased to present the critically acclaimed exhibition *Tuëma Pattie Retrospective: From Conventional To Experimental*.

Irish-born, Sussex-based pioneering artist Tuëma Pattie (b. 1938) has been painting all her life, oscillating between representation and abstraction. Having put art on hold to care for family, she was later able to dedicate herself to painting in her late 50s – and she still paints every day. Cynthia Corbett Gallery is proud to have discovered this hidden gem and now represents her internationally.

Tuëma Pattie's artworks are awash with rich vibrant colours and give the viewer a much-needed kick of energy and inspiration. We are pleased to offer for acquisition a wide selection of paintings and works on paper that have never been offered for sale before.

Private visits in Wimbledon or virtual viewings by appointment.
